Squalid

Site like area underpopulated not quite abandoned, but people don't wander around or congregate in groups. Reason or use of structure "live" guarding watching. Bored, subtle but necessary because never know when something might happen.

52½ like a 2-3 floor dwelling. Dirty, practically empty - not lots of furniture. A few people. One room with permanent residents. Spend most of time here. Bored. Tired. Two days on. Isolated. Cut off. Holding heads in hands.
